25 EXPLANATION

26 This bill strikes language requiring accredited schools to
27 provide at least 180 instructional days in a school year and
28 specifying what does and what does not constitute instructional
29 time. The bill replaces the language requiring a 180-day
30 school calendar with a requirement that accredited schools
31 provide at least 1,080 instructional hours during the school
32 calendar in a school year.

33 The school districts and accredited nonpublic schools set
34 the number of days of required attendance for the school year,
35 but school districts must hold a public hearing on a proposed

1 school calendar prior to adopting the school calendar.

2 The bill modifies a provision requiring the state board
3 of education to define the minimum school day. Under the
4 bill, instructional time for grades 1 through 12 is still
5 exclusive of the lunch period and may include passing time
6 between classes, but parent-teacher conferences do not qualify
7 as instructional time. The bill strikes language that permits
8 a school or school district to record a day of school with
9 less than the minimum instructional hours as a minimum school
10 day for emergency health or safety factors and for staff
11 development opportunities.

12 The bill makes conforming changes, including giving a
13 parent, whose child is under competent private instruction,
14 until September 1 to furnish a report providing information
15 about the child and the competent private instruction to the
16 school district of residence. The bill strikes or repeals
17 language that permits the department of education to approve an
18 innovative school year pilot program and language that requires
19 the department to establish an extended year school grant
20 program subject to an appropriation.

21 The bill takes effect July 1, 2014.
